Jeff - I'm not sure what hours you work but are you available for a call with me and Sharron at either 3:45 today or tomorrow morning - SUBJECT: Apparently our two district Commanders (Col Sexton of KC and

Col Hall of St Louis) have a scheduled call with Mr. Brooks and we want to make sure we have the correct information to provide them prior to their call - thanks Scott

Jeff - Thanks for the E-Mail and yes we are reviewing the Statement of Work - As you know it is our intent to have both the Kansas City District and the St Louis FUSRAP team provide support to EPA on this project. We are currently working on our teaming arrangement and will jointly contact you to discuss project specific issues -

Do not hesitate to call either of the following if you have questions.

Current POCs:

Kansas City	Scott Young (816) 389 - 3589
St Louis	Sharon Cotner (314) 260 - 3915

Thanks Scott

Good Afternoon Scott:

In anticipation of the EPA/USACE working on the West Lake Landfill Site through an Interagency Agreement, I will be the point of contact for discussing those issues needed to move the agreement through the process as efficiently as possible. I've been made aware that a draft Statement of Work has been provided to your office. Feel free to contact me if you have any questions or would like any additional information.
